

Beautiful Muslins Just Received

18c Values for 12c

Eighteen cents a yard is a very conservative figure to value these at, as some stores have asked more for equal qualities. We will sell out our entire assemblage at 12 1-2c per yard.

It is practically unnecessary for us to say that it is one of the best values we ever gave. A little thought will make that evident and the decidedly unusualness of this offering.

These Muslins are all of recent manufacture, of fashionable colorings and quite the wanted cloths just now. 500 yards would last quite a time in ordinary selling, but now there is no telling. Our advice is to come early while these desirable fabrics are being offered at two-thirds of their real value. Well, they won't last long.

Remember 12 1-2c is the Price Per Yard.
The Value is 18 Cents.

If you contemplate owning a home, secure a good location while you may and keep in mind that it costs as much, frequently more, to build on an ordinary location as on a desirable one—one on which you can realize instantly its cost, or even more, at any time you desire to do so, near business and in good neighborhood.
